Dear director of VNIIDAD, prof. dr. Nikolay Kunyaev

I would like to thank you for coming to Maribor to participate at the 6th international scientific conference of Alma Mater. We would like to express our gratitude for your shown interest on cooperation with AMEU ECM on the field of Archives and documentation and for pushing the scientific, research and project cooperation with Russia, as well as your support to our professor doc. dr. Peter Pavel Klasinc.

This year's conference exceeded all our expectations. In two days, we saw over 350 delegates from 18 countries, presenting over 250 papers. Active participants at the conference were also about 1,000 students of Alma Mater Europaea.

Dear director of All-Russian Scientific and Research Institute of Records and Archives Management, we look forward to successful cooperation in the field of Archival studies and documentation. I will contact you shortly with my colleagues to discuss further steps regarding the intended projects between VNIIDAD and Alma Mater Europaea Maribor.

Sincerely,

Prof. dr. Ludvik Toplak
President AMEU ECM
Vice-Rector AMEU
